**Christine Martin** As a fellow artist in residence four years running, I can also attest to this amazing, generous experience! Lovely tribute to this program and beautiful photo story. This year I am staying at Table Rock in the fall. Love our parks ♥

**Danielle Russell** That's awesome, Christine! My husband is the photographer and I will encourage him to apply every year :) That is really cool that you can do it more than once. You are right, it is is very generous! I just Facebook stalked you for a minute and love your work! We are headed to huntington beach state park to camp in June. My husband would love to spend some time focusing on wildlife photography. Do you have any suggestions of where to go for that in the area?

**Christine Martin** Danielle Russell thank you! I live by Huntington. Great park! Best birding in the area. Gators too! Murrells Inlet Marshwalk great photo ops. You will also have to visit Brookgreen Gardens which is right across the way. And myrtle beach State park nearby too. Sunrises at the beach a must!
