Is the nature center at hunting island open? We know the campground is closed, but we were wondering if the trails around the nature center are usable. Thank you!

The nature center is open from 9-5 each day. None of the trails are open, but the Nature Center is staffed.

Is edisto beach state park open today? I can't get an answer when I call. Also I'm wondering if SC State parks manage Botany Bay on Edisto, I am wondering if they are open as well.

It is open, however, there are only a limited amount of day passes for visitors to the park being handed out. They are handed out on a first come, first serve basis. You can check out our webcam and see people on the beach:
