Subject: How safe are your seniors?

Good morning,

My name is Zane Schwarzlose and I'm the Community Liaison at Protect America, a national home security company. As you probably know, May is Older Americans Month.

With this in mind, I recently completed a guide to help older adults improve their home safety: <http://www.protectamerica.com/home-safety-older-adults>

Would you like to share it on your website?

I think it would be a great resource for seniors and their family. **Feel free to use the guide in any way you'd like, at no cost.**

Best wishes,

Zane Schwarzlose
