Hi Tony,

We are presenting a budget amendment to our board of directors next week as our final revision for the year. Do you know at this point if there will be an amended NGA issued before June 30th to include additional NSIP? We would like to make this a part of our final amendment if possible and if the NGA is amended we will need to amend contracts with the providers before June 30th.

Thanks for your help.

Connie
