Subject: Email from DSIT about McAfee

FYI, you may receive an email with a subject line: DSIT McAfee Quarantine Manager. The email will be from postmaster@cio.sc.gov.

This is a legitimate email. It is OK to open the email. You will receive this email if your email account has received an email that MacAfee identified as suspect (I.E., it may contain a virus or other malicious software).

The MacAfee Quarantine Manager can be used to safely view the suspicious email, and either delete it or clear it to be sent to your Outlook mailbox. DSIT will be providing information on how to use the information provided in the report attached to the email.

Please feel free to contact me If you have questions about this, and please continue to be cautious about what email you open.

Richard L. Rasmussen
Director of Information Technology
