Subject: Scout Boat Heritage Follow-up

Hello Ladies,

I hope you are doing well. Following up on the meeting the Governor had with Scout Boats at the Heritage. Governor Haley told Steve Potts that she will like to visit his facility. The thoughts are to do the visit during Scout Boats' 25th Silver Line Anniversary slated for September. She also told him that if he has any workforce issues, to let her know. Lastly, we will do a press release hopefully this week. Let me know if you have any questions.

Thanks,
Moe
