Thanks Holly,

I had a call from Butch, but I haven't seen the news article. According to Butch, it sounds as though my comments may have been taken out of context. Attached is the email thread with the Post and Courier reporter. As you can see, his questions and my responses, as well as the opinion I sent him, address gifts to individual public officials, not a governmental entity. If you have a copy of the article, I would like to see how it was reported. Let me know if you have any questions.

Herb

Herb,

Please find attached a letter regarding the University of South Carolina's long-standing tradition of providing football tickets to the Governor's Office. If you have questions, please don't hesitate to call me.

Thanks,
