I know so many of you are awesome photographers whether professionally or as a hobby! So, make sure to submit some of your photos to the 1st Annual Santee Refuge Nature Photography Contest. Photos can be taken anywhere in SC -- including state parks! Click here for more info: [http://www.fws.gov/santee/pdf/contest\\_announcement\\_final.pdf](http://www.fws.gov/santee/pdf/contest_announcement_final.pdf)

The graphic is a black rectangular poster for the '1st Annual Santee Refuge Photo Contest'. On the left side, there is a collage of nature photographs including a colorful bird, a squirrel, a bald eagle, a tree, a dragonfly, and a white water lily. The text on the right side of the poster reads: '1st Annual Santee Refuge Photo Contest', 'Visit [www.fws.gov/santee](http://www.fws.gov/santee) for information or call 803-478-2217', and a list of categories: '4 Categories: Landscape, Wildlife, Flowers/Plants, Santee NWR'. It also states 'Photos should be taken in South Carolina' and 'Deadline: February 22'. At the bottom, there are logos for 'Santee Refuge', 'South Carolina State Parks', and 'Carolina's Nature Photographers Association'.

**Steven Faucette** they should have made it to where you can upload your entries and pay the fee online without having to put them on a CD and send them in.
