The rare Oconee Bell blooms in early spring and can be found at Devils Fork State Park.

**Robbie Hopkins** Oconee State Park said that they only bloom at their park

at 17:23:31 on 3/06/2017 UTC

**South Carolina State Parks** This is incorrect. They bloom at Devils Fork State Park. We even have a walk with a naturalist to show the flower on March 16 and a festival that celebrates the flower on March 18 at Devils Fork. More info here:

**Debbie Radford** They are also found in many places on the Foothills Trail.

**David Wright** There's a song written about this flower by Gillian Welch/Dave Rollins. Acony Bell.

**Heather Coward** If only there were more parking at Devils Fork. 😞

**Claudia Burns** David McAda have you found any of these on your property? I am partial to their leathery leaves.

at 12:41:45 on 3/07/2017 UTC

**David McAda** I wish! I searched last spring but didn't see any. It's on my 'to-do' list to look a little earlier this year just in case!

**Mike Feagans** They only grow in Oconee County SC and a few spots in NC. I went to Devils Fork a few days ago - not yet in bloom.
