Subject: \$750,000 Disaster Relief Grant from International Paper

Dear Governor Haley:

I want to personally thank you for your leadership and support during this unprecedented natural disaster that has impacted your state. On behalf of our 58,000 global employees at International Paper, as well as 2000 of our men and women that live and work in South Carolina, we stand behind you during this time of crisis. I have directed my team to issue a \$750,000 disaster relief grant, from the International Paper Foundation to the American Red Cross, which will go directly to two South Carolina chapters to aid in the relief efforts. Additionally, we are donating 2,000 corrugated boxes to the Harvest Hope food bank in Columbia, SC, to assist the agency with distributing food and supplies. My hope is these contributions can assist in providing relief to the many families throughout your state who have been impacted.

For the citizens of South Carolina, the slow road to recovery will not be easy, but I'm confident that under your leadership the great state of South Carolina will be restored.

Sincerely yours,

Mark S. Sutton
Chairman and CEO
International Paper
