Great to see you and Aisha yesterday. Happy to help with her confirmation.

Also, funny thing happened to a text yesterday. I thought I had texted you back when you asked for a copy of the rules resolution. While driving home, I received a reply from that text from a 864 exchange that asked if that number was the intended recipient. Oh, well. I still can't figure out how that happened.

Lastly, I'll be down there next Wednesday for the Ethics Committee meeting. Give me a call and we'll set something up on Tuesday before I head down there.

Larry

Senator Martin,
Are you able to meet with Aisha after the organizational session today?
She can meet you in your office upon adjournment " or 30 mins after?
Please let me know if that will work.
Thank you,
Katherine
