---

Jamie,

Here is a google drive folder with the pst files. <https://drive.google.com/open?id=0B-xzmgNlvgrxZm5FRGtwYUd6UUk>

To open the files, download and save to computer. From in the outlook program, go to file > Open > Open Outlook Data File, then navigate to the file like you would normally. The file should appear as an outlook archive inbox below your inbox.

Please let me know once you've retrieved the files from Google so that I can remove them from Google.

*Best Regards,*  
*Catherine McNicoll*  
*Director of Legal & Legislative Affairs*  
*Lieutenant Governor's Office*

Subject: Email Archives

Good Afternoon Jamie,

Attached you will find several email archive files, each contains a few emails from each month from February to May. Although in my account and Danny Varat's there were a few emails from after the Lieutenant Governor ascended to his office and before February 1<sup>st</sup>, they were few and none that I could release without thoroughly reading. I believe the LtGov account and Kevin Bryant Account became active on February 1<sup>st</sup> when we physically moved offices. I have included an archive file for four accounts but we have had three other employees. As you will see on the attach png files, I have archive files for them as well and end of employment archive files for Tori Beth and Hayden. The July Archives run from the start of the account to July 3<sup>rd</sup>. The August Archives are for the employees who left at the end of July and they capture the emails from July 3 - the end of their employment.

We ask that while you may use these emails to verify our archiving procedures that you not publish any of the contents without first informing us.

Please let me know if you have any issues opening the files.

*Best Regards,*
