South Carolina State Parks

at 20:00:01 on 12/10/2014 UTC · 🌐

Thanks to our friends at Bosch in Anderson, SC for helping us at Sadlers Creek State Park. The \$10,000 grant will help us with an erosion project at the park and educational signage. This is our second grant from Bosch that demonstrates the company's commitment to the environment. (L to R) Randy Bunch, Director of Human Resources, presented the company check to Mark Davis, James Christie and Lou Fontana from the SC State Park Service.

Kate Tyminski We love our SC State Parks and are thankful for the donations so the parks can be enjoyed by many for a very long time.
