Dear Governor Nikki Haley

I know by sending this letter that my kid's life or my life will be in danger, as well as my house being burn down. **Marc Anthony (Mark) burn down one of his neighbor house (LOOK)**. Thirty some years Debbie Anderson DuPont killed her husband Rome Lee DuPont and they never investigation it she didn't even let his body be review at the furnace nor would she let them do an examiner on the body.

Now her son Marc (Mark) DuPont is one of the biggest drug dealer in Ridgeland, SC who lives in Old House and Beaufort, SC. Mark is not a good person even after that big drug bus in Ridgeland he is still out and have his brother-in-law Qiton (his sister husband) his sister help and other people selling drug for him like Derrick his friend across from his mother house and his aunt Ann Marie and uncle that live behind his mother house it some. I don't understand how the governor and the law let things like this go on and on. When do I and the rest of Lee's family see justice for his murder or when do the city of Ridgeland have to stop dealing with mark. Just like Debbie three brothers Solomon, Meyer Jr., Ernest Anderson and are spending life in prison without parole something should be done with her and the sisters them. Richard DuPont Sr. know what happen to his brother dead. Marc (Mark) have another black Chrysler Cardiallic car tag JDQ or JDD 449 he get other car silver with tag KQD 969 South Carolina Gold GM Explorer GZN 660
