Not a problem. If we provided that at the same time we do our Nov 10th estimate, would that be sufficient?
Probably be close the prior estimates anyway.

Hi Frank,

We've been plugging away on the FY 2014-15 budget book for a little while – we're going to recommend codification of Proviso 3.3 again, to make permanent the suspension of §59-150-210(E) and allow lottery sales on primary and general election days.

I know it'll probably be a while before you're ready to produce an estimate, but do you mind sending us a scoring letter on that at the appropriate time? I'm trying to work as much of the punchlist as early as possible so as not to be harassing folks around the holidays, if at all possible...

Thanks.
