Dear Governor Haley:

It was truly an honor to meet you in person last week when you took the time to come to the disaster relief distribution center in Gadsden. Thank you for your gracious and thoughtful words of affirmation to our team of Adventist Community Service volunteers who have been serving those impacted by the devastating floods earlier this month.

The Carolina Conference embraces the Seventh-day Adventist Church family in the states of both North and South Carolina. On behalf of our 149 churches and almost 23,000 members, we thank you for your admired guidance and the fabulous blessing that your administration has provided for the citizens of South Carolina.

Please accept a simple token of our gratitude for your leadership on behalf of our church family through the enclosed gift book, *Steps to Christ*. This world renowned publication was written by one of our founding pioneers and has been translated into over 150 languages. It has truly touched the lives of millions around the earth with Heaven's hope and peace.

Also included here is a simple book about who Seventh-day Adventists are and a couple of pictures that were taken with you when you visited with our team.

It is my heartfelt prayer that God would continue to bless your life of public service for the State of South Carolina. May He also bless you personally along with your family with His amazing grace.

Sincerely,

Pastor Leslie D. Louis
President – *A servant leader for the Lord*
