

Dear Governor Haley,

As challenges to privacy and safety are a prime concern in our country, I urge you to support the use of restrooms and similar

facilities with biological sex (How do you keep out people who may abuse the situation and prey on others)

Sincerely, William Vanderwaal

Dear Governor Haley,

I urge you to support the use of restrooms and similar facilities only in accordance with Biological sex. Privacy is very important as well as safety. How do you keep out persons who would use and then abuse the situation.

Thank You and May God Bless
