**Subject:** Columbia DOT meetings for Milone and MacBroom

---

Katherine: Would you please give me a call this morning. The hour is getting late and I sort of need to know whether we are able to do these meetings in Columbia this coming Wednesday, or if we need to postpone to a later date. Again, our flights are set, but if we need to defer for two weeks, we certainly can. I really need to let my guys know what the plan is this morning. Again, my thanks for your assistance.

Best regards,
