the major prob is that we have considerably more complex move than most and secondly because we dont want to move in the middle of gearing up to collect/ and collecting Maybank Millions; we told this to DPS and they were fine with our time schedule; why dont we plan to get together in person this week to discuss; if you will contact Amy she will set up

while the Museum is anxious to get us out we do contemplate keeping a small office here for walk in traffic

Marissa told me today that it would probably be 18 months to 2 years before you can move. Is this because of the bonds? DOT is putting pressure on us to vacate the Park Street building as per the old agreement with DPS. Of course, DPS is having financial difficulty and cannot afford to pay maintenance on the buildings alone.

Are the bonds holding you back? Since I don't really want to move to Blythewood, DMV Park Street may be able to locate to your space in the museum and move the operations that we inherited from DPS to extra space we have at Market Pointe. I don't know what the cost is, but I would be willing to look at it as one possibility. Let me know.

Marcia
