Is there a way for it to be added later when TV stations replay clips? Or would that be up to the individual station?

We cannot do closed captioning because it is live and unscripted with no delay.

Hi Mr Odell and Mr. Peeler,

Thank you for having the Interpreter beside Governor Haley in the frame of video during the Hurricane Matthew press conference. This ensures that the Deaf community can see important emergency information.

We do have many Hard of Hearing people, especially senior citizens, that do not know sign language. We need to have the closed caption available for them. Can you please see that the closed caption is on during the press conferences as well.

Thank you in advance for your help.

If you have any questions, please do not hesitate to contact me.
