When you say again in this email, "So far no one has caught me in a lie...", you mean no one except me, right? I obviously caught you in multiple lies. And it is obvious to Taylor and Tom and your new attorneys -- and everyone else in your bigger email blasts -- that everything you said about me last week was a lie.

Why in God's name can't you just say, "John, I got real mad at you and I said things I shouldn't have said that weren't true and I apologize?"

Why can you not do that? What is wrong with you?

Are you a sociopath? I'm guessing you are. Look up the word before you answer so you can provide an informed response.

P.S. I am praying that Bill Miles, David Tigges, Helen Hill and David Jennings will all sue you so I can be an expert witness for them. If God would only give me one more thing while I'm on this earth, that would be it.

And I repeat again: You have never produced a single shred of evidence that Bill Miles, David Tigges, Helen Hill or David Jennings have ever done anything illegal or unethical. You have only your warped opinion/delusion and unfounded accusations.

John no one really cares about you or me, except our mothers. Your father up for debate. You quit last week, and were never rehired, please go get a real job and girlfriend. I wish you success.

Please no more Free advice, you get what you pay for.

My advice to you since you are hopeless is find a successful woman.

Send me proof you even voted and I will send you 500 bucks !

As we see on Tv , 75% of the far left radical whining democrats like you didn't even vote. Law and order and drain the swamp.

Take me off your email list for 5th time and when you find any dirt on me, please send it to our wonderful Good ole gal Governor. Paula Bethea good ole gal fox watching the hen house past Lottery commissioner, David Tigges crook lawyer , Bill miles the thief of public funds and all the rest of the crooks in Beaufort county. Yes Nikki Haleys crook buddy at Sc chamber Ted Pitts as well.

So far no one has caught me in a lie nor willing to debate me on facts. So far all happy horse manure.

You say again that you don't lie, which is of course -- a lie.  
What about the lie that you fired me?  
What about the lie that I have no national media credentials?  
And by the way, it's also lie I live in a "small apartment."  
I actually live in a 3-bedroom house. But you, living mainly off your wife's wealth, I guess that is "small."  
But you prove money can't buy intelligence or class.  
Now, back to the three lies above.  
Wanna finally admit you're a liar or continue the game?  
And most important, you're also a liar in much bigger ways that have nothing to do with me.

We don't need your advice nor want free! You get what you pay for. Information I have on Nikki Haley is much more interesting than her car sex. Mr Buchanan you perhaps need to go find an easier target than me , someone you can actually find some dirt on. So far your twisted thinking 180 sabotage of your own facts isn't working so well for you. Your not alone, it's not working well for the chamber CVB DMO crooks in SC either.

You want to do something useful and make a "Quick 50k "  
Join the Hilton head chamber and get access to the books under the sc non profit corporation act and if no wrong doing is found on your new friend Bill members miles, I will write you a check.

Mr Buchanan what I suggest you do is get back to your George bush nazi theory, which is about all I can see when I search your name on google or consider trying to produce Clock Work Orange movie # 2. You seem to enjoy insanity and attacking others and rather tear a house down, then learn how to build one. I honestly never new. and guess naive, that a far left radical democrat Nazi theorist existed like you.

Typical , no track record of success, and those who have more than you, you rather attack with your penmanship to try and make yourself/ ego look bigger and more successful than it is. You are disturbed John and my advice is seek help. I am not trained to help you.

Like I keep saying where is your evidence on any wrong doing by me. You should have learned by now I don't lie and when I say I have a story on sex in a seat Haley, that hurt both my wife and I , you can take that to the bank. This is none of your business, and what you will not see is Nikki Haley challenge me.

John get back to your life in Florida, why don't you go find a girl friend to occupy your time, if you can find one to put up with you. Forget about another wife that will never work for you.

Get in touch with Will Folks and have him tell Trump about the adulterous car sex he had with Governor Hailey. I think that's your best shot at stopping her, because by law the FBI cannot publicly confirm details of an investigation in progress.

But knowing your influence with the FBI, maybe you can also convince them to make an exception in your case.

I would suggest a joint press conference with you, Will Folks and the FBI (I am offering this as a favor, free of charge).

But act now to save America from a car sex-enjoying criminal!
