

# SCDOT Annual Report

January 2017

*As required by SC Code Section 57-3-760*

# SCDOT Annual Report

January 2017

The South Carolina Department of Transportation (SCDOT) is one of the largest state agencies in South Carolina and has a staff of approximately 4,500 men and women who work in all of the state’s 46 counties, with the central headquarters located in Columbia.

SCDOT is charged with the responsibility of systematic planning, construction, maintenance, and operation of the state highway system and providing mass transit services. It operates and maintains over 41,000 miles (90,000 lane miles) of roads and over 8,400 bridges, ranking SC as the *fourth largest state-owned highway system in the nation* according to the Federal Highway Administration (FHWA).

An eight-member Transportation Commission is the policy making body for SCDOT. The Commission appoints and works closely with the Secretary of Transportation who carries out the policies of the Commission, the daily operations of the agency and provides the direction of staff. Christy A. Hall, P.E., has served as Secretary of Transportation since her confirmation in January 2015.

The Secretary of SCDOT recognizes that the statewide network of all SCDOT divisions, units, and offices at Headquarters and throughout the Districts are one team – **One SCDOT**. In retrospect of the extraordinary events of the past year, the SCDOT workforce not only serves to accomplish the mission and achieve the vision, it has also embodied the following SCDOT values:

Team

Excellence

Accountability

Make a Difference

The SCDOT team exemplifies the qualities that make it one of the top DOTs in the nation.

## Our Mission

*“SCDOT shall have as its functions and purposes the systematic planning, construction, maintenance, and operation of the state highway system and the development of a statewide intermodal and freight system ... the goal of the Department is to provide adequate, safe, and efficient transportation services for the movement of people and goods.”*

(SC Code Section 57-1-30)

## Section I- Agency Accomplishments

During the 2015-2016 fiscal year, SCDOT (1) earned major achievements and awards, (2) provided assistance with extraordinary events, and (3) completed hundreds of projects statewide. These successes reflect the strong leadership and the hard work of the SCDOT employees. Below are SCDOT highlights for the three categories:

### ACHIEVEMENTS & AWARDS:

- In July 2015, The National Center for Safe Routes to Schools (SRTS) ranked **SC's Walk to School Day #1 in the nation** (for the 4<sup>th</sup> year in a row) with 1-in-4 elementary and middle schools participating. In December 2015, SC SRTS received the **Southeast Chapter of the Association for Commuter Transportation as the Outstanding Transportation Demand Management Program Award**. This program was selected from projects and programs in eight southeastern states and Puerto Rico, beating out traditional commuter programs.
- In September 2015, SCDOT hosted and took **first place** in the **13<sup>th</sup> Annual Southeastern Regional Equipment Operators' Rodeo and Safety Training Conference**, which was attended by more than 600 from DOTs in the southeast.
- **National Guard Award** - The SC National Guard presented the SCDOT Oversize/Overweight (OS/OW) Office an award for outstanding support during the 2015 October flood. The OS/OW Office provided routing information around closed roads and bridges to allow Guard units to execute "essential life" safety missions.
- **ACEC-SC Top Engineering Awards for 2015** - SCDOT project winners were announced in February 2016 for the following projects: US 17 Bypass and SC 707/Farrow Parkway Interchange, US 601 Bridge Replacements, US 176 Bridge over the Broad River, and a series of seven bridge replacements in Union, York, Laurens and Lancaster Counties.
- **SCAPA Quality Pavement Awards** - The SC Asphalt Pavement Association (SCAPA) honored SCDOT & Partners with the 2015 SCAPA Award for:
  - Sustainability in repaving I-85 in Cherokee and Spartanburg Counties (District 4 and Sloan Construction)
  - The 7.1 mile paving project on Bohicket Road on James Island in Charleston County (District 6 and Sanders Brothers)
  - The Whitewater Falls Road project in Oconee County (District 3 and King Asphalt)
- In spring 2016, a section of I-20 in Lexington County (Aiken County line to SC 34) was recognized for its asphalt quality with a **Perpetual Pavement Award** given by the Asphalt Pavement Alliance of America. The award is presented to state transportation departments and local agency road owners for well-performing asphalt pavements that are at least 35 years old with proven high-quality structural design.
- **Secretary Hall Named One of ENR's Top 25 National Newsmakers of 2015** - Engineering News Record" (ENR) named SCDOT Secretary Christy A. Hall as one of the publication's Top 25 Newsmakers of 2015. She is credited with leading the massive effort in South Carolina to restore the state's highways and bridges following the historic 1,000 year October flood.
- On April 5, 2016, SCDOT received the **final audit** from the **Legislative Audit Council**. The audit provided the following 4 major themes:
  1. No financial mismanagement was identified at the Agency.

## SCDOT Annual Report

2. The prioritization and ranking processes associated with Act 114 are complex.
3. SCDOT is tasked with managing a transportation system in a state of disrepair with revenues that have not kept pace with rising construction costs.
4. Unclear lines of authority and turnover have led to shifting or unstable priorities.

SCDOT will embrace many of the recommendations and use the audit as a roadmap to continue to advance improvements. This and other audits are found on the “Oversight Review” template.

- In April 2016, SCDOT received the **Asphalt Recycling and Reclaiming Association Award** for reclaiming more asphalt than any other state or province in the United States or Canada.
- In April 2016, the **State Highway Emergency Program** (SHEP/ the “Blue Trucks”) celebrated its 20th anniversary. SHEP Responders are prepared to make minor repairs to disabled vehicles, assist with traffic control and traffic incident management. It has served thousands of motorists across the state, currently serving the Charleston, Columbia, Florence, Grand Strand/Myrtle Beach, Rock Hill, and Upstate (Cherokee, Spartanburg, Greenville and Anderson) areas.
- On April 28, 2016, SCDOT conducted a **Workers Memorial Day**, to honor 34 employees who paid the ultimate sacrifice on the job, losing their lives because of workplace injuries and illnesses.
- On June 1, 2016, the **SCDOT Customer Service Center** celebrated its fourth year in operation, and in that time handled 8,698 emails and 131,832 phone calls from customers with requests for information and services. The SCDOT Customer Service Center is available Monday-Friday from 8:30am-5:00pm at (1-855-GO-SCDOT/1-855-467-2368).
- In the last year SCDOT **Maintenance** forces:
  - Received and processed approximately 60,000 work requests;
  - Patched approximately 397,000 potholes;
  - Mowed approximately 159,000 acres;
  - Removed 5.9 million pounds of litter/debris; and
  - Approved 10,914 encroachment permits.

### EXTRAORDINARY EVENTS:

- August 2015, SCDOT responded to the heavy rain and **King Tides** striking the Charleston area simultaneously. Many roads were flooded, and SCDOT crews worked to reopen roads. Just prior to the flooding, the same crews had just removed trees and debris from a **tornado** that struck Johns Island.
- In October 2015, more than 20 inches of rain fell in just three days, resulting in a historic **1,000-year flood** in South Carolina prompting statewide response by SCDOT. The state’s highway system was devastated, with the peak closure of 541 roads and bridges, including several interstates. The Secretary issued a call for “all hands on deck” and declared that the agency would function as **One SCDOT**, regardless of geographic boundaries. Prepositioned contracts were activated and South Carolina’s construction and consulting partners were called on to work alongside SCDOT’s dedicated Maintenance workforce from all across the state. By working together, the **One SCDOT** team was able to reopen 90% of the closures in less than 60 days and deliver the recovery at 10% of

the cost anticipated. Unfortunately, given the unique and dangerous work in these conditions, one SCDOT employee made the ultimate sacrifice on the job during the flood.

- SCDOT crews received another **challenge of nature** in February 2016, when storms brought snow, ice and wind damages. Crews worked through the night answering 650 reports of fallen trees and limbs, clearing roads and repairing traffic signals.
- In May 2016, **Tropical Storm Bonnie** came to South Carolina on Memorial Day Weekend in the Lowcountry. The storm affected a small section of Jasper County and drenched the area with several inches of rain shutting down portions of I-95 along with several primary routes. Maintenance forces from three counties worked around the clock to mitigate the flooding on I-95 and keep watch on other affected roads and cleared downed trees. **Tropical Storm Colin** approached SC on the following weekend, but fortunately, turned away from SC before making landfall causing no significant damage.

### SIGNIFICANT PROJECT MILESTONES:

- In February 2016, SCDOT had a groundbreaking for the **I-85/I-385 Gateway Project in Greenville**, which is the second largest project in the history of SCDOT. It is estimated to cost \$231 million.
- **Toms Creek Bridge on Bluff Road in Richland County** -SCDOT held a ribbon-cutting ceremony on the afternoon of April 22, 2016 on this newly completed Richland County bridge. The concrete culvert that had been in place at that location was destroyed beyond repair in the October 2015 flood. The replacement was a 100-foot, flat slab bridge structure costing just over \$1.5 million.
- **SCDOT Opens Rockbridge Road Bridge in Richland County** - This Bridge in the Forest Acres section of Columbia was destroyed by the October floods. It was included in one of the emergency bridge packages with construction beginning in March. The structure was opened one week early on June 7.
- **SCDOT Reopens Spears Creek Church Road** - SCDOT reopened Spears Creek Church Road in northeast Richland County on February 29. A nearby dam failure caused severe damage to the road during the historic October flood.
- **Construction Begins on the I-77 Richland Widening & Rehab Project Funded by Act 98** - Work began June 20 on the 2.6 mile I-77 widening project in Richland County. This is the second interstate project funded by Act 98 in which construction has gotten underway. Work to widen I-77 will be done in the existing medians. The travel lanes will remain open during the day. The project footprint is located between SC 12 Percival Road and the Killian Road interchange. The existing southbound pavement between just north of Killian Road to Blythewood Road will undergo rehabilitation.
- **Multiple Bridges Reopened** across the state including Euhaw Creek Bridge in Jasper County, Greenpond Road in Spartanburg County, River Road in Fairfield County, Perkins Creek Bridge in Oconee County, Jones Mill Bridge in Greenville County, Mike McConnell Avenue in Anderson County, and Drawdebil Road in Lexington County.
- Adoption of the first **Transportation Asset Management Plan (TAMP)** designed to assist the agency in analyzing system performance and conditions, as well as guide future investment decisions.
- SCDOT's first **Statewide Freight Plan** was approved by the Federal Highway Administration in October 2015. This approval brings with it greater eligibility for Federal funding for freight transportation projects to assist South Carolina in meeting the 81 percent increase in freight tonnage projected to move across the state's transportation network over the next 25 years. SCDOT's first

**Statewide Rail Plan** was also approved by the Federal Railroad Administration in 2015 and brings with it greater eligibility for Federal funding for rail projects in the state.

---

## **Section II- 10-Year Plan Detailing Future Needs of State**

SCDOT recognizes that preservation and modernization of our transportation system are essential to the economic health of our State. The infrastructure challenges for the state are addressed through the management of the Statewide Transportation Improvement Program (STIP) and the Statewide Multimodal Transportation Plan (SMTP). While there is not a ten-year plan, SCDOT oversees a six-year, short term plan and a twenty-five year, long term plan that details the needs statewide. These plans are explained below:

- The STIP is the states' six-year transportation improvement program for all projects or program areas receiving federal funding. The document is updated every three years and is revised on a continual basis to reflect the latest program and project information. The SCDOT Commission, as well as the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) approve the STIP. The STIP is located on the SCDOT website at: <http://www.scdot.org/inside/pdfs/STIP/stip.pdf>.
- The 2040 SMTP is the states' twenty-five year Statewide Multimodal Transportation Plan, which focuses on maximizing South Carolina's limited funding resources, maintaining the state's position in the global marketplace, and efficiently moving both people and goods. This plan was developed in conjunction with SCDOT management, staff, and transportation partners and stakeholders. The 2040 MTP was finalized in November 2014 and is located at: [http://www.scdot.org/multimodal/pdf/sc\\_mtp\\_strategic\\_corridors\\_plan\\_final.pdf](http://www.scdot.org/multimodal/pdf/sc_mtp_strategic_corridors_plan_final.pdf)

---

## **Section III- 5-Year Plan Detailing Traffic Regulation**

In response to Act 181 of 1993 (also known as the 1993 Restructuring Act), the SC Highway Department was separated into the Department of Public Safety, the Department of Motor Vehicles, and the Department of Transportation. Pursuant to Section 1507 of ACT 181, the duties and powers relating to highways do not contain the traffic regulation (including administration and enforcement of traffic, driver, and motor vehicle laws) and are therefore, not the responsibility of SCDOT.

---

**Section IV- Firms, Companies, & Businesses with Contracts**

The following are lists by categories of all firms, companies, or businesses that did business with the South Carolina Department of Transportation for FY 2016.

**Vendor Contracts:**
