

To Whom It may Concern'

Feb 11, 2015

The Honorable Nikki R. Haley

I am writing you in regards to the unfair and extreme sentencing guidelines here in Richland County South Carolina. The enhancement law that is being exploited and used to manipulate judges to extend high bonds and long sentences for charges that are misdemeanor offenses, and only carry 30 days. This enhancement law that is being used by investigators is overburdening and clogging up County facilities, and the court docket with non-violent offenders. Taking up time, and money of the state taxpayer. I have just completed an 18 month sentence, and now am back here looking at another shoplifting enhanced charge. I am a Drug Addict and have been for some years. I have repeatedly asked for rehab for addiction. I have also asked for Vocational Training. I am seeking for the Governor's office to take a hard look at these practices and use of the enhancement law and make an inquiry into an investigator's power to use this law to create harsh and unfair treatment of my rights and the rights of others. I thank-you for taking a look into my situation, and look forward to your immediate response. I am enclosing my warrant number.
