Justin,

The release works for our Comms folks. The Governor's Press Secretary, Chaney Adams, is copied on this email. She is going to provide you with contact information for the relevant outlets for distribution.

Best,

Austin

Subject: Press Release for Remote Area Medical

Austin,

Sorry for the miscommunication. We have drafted a press release for what people would need to know about our side of the event. Could you please try to make sure this information gets out to the public so that if there are people in need of general medical care they can receive it?

Thank you!

Justin Garrison
