Hello, I purchased admission for Jones Gap on the day the parking was released to pre purchase for a visit on Sunday. Will this be a problem? The parks were not yet open, I printed all receipts.

No. I assume you reserved your parking space then too?

Yes, I did both, 2 separate transactions. We have parking site 6 assigned to us for Sunday. What would be the best address to plug in to get to the park?

Then you are good. Jones Gap is a little different than the rest of the parks. You should purchase admission whenever you reserve the site. You're good. The address on the website: 303 Jones Gap Rd, Marietta, SC is the best address.
