The Honorable Nikki R. Haley  
Office of the Governor  
1205 Pendleton Street  
Columbia, South Carolina 29201

Dear Governor Haley, I am writing to you to voice my concern over two issues;

Many bill board signs not only in our great state but across the country display inappropriate dress code of the female population and are also advertising adult book stores and strip clubs. This is very offensive not only to me but also my wife. I am a father of two young girls who are also exposed to this obscenity and this causes me great concern. These things are telling our young generation that this is appropriate.

The other issue that prostitution is easily available over the internet, specifically a web site called backpage and is used every day all day to solicit prostitution this has caused families to break up, divorces and deadly diseases. I understand that our law enforcement has sting operations, but the fact is the web site needs to be banned. I would like to see steps taken to make it illegal for the web site.

I am available and willing for discussion with whomever you appoint to investigate this issue.

It seems that there are very few that have any values and morals left in this country. It is time for a stop to this behavior.

I look forward to your response.

Sincerely,

  
Todd Clamp
