Your Excellency,

I can imagine that you are a very busy person, so I am trying to keep this letter short, as I don't want to steal too much of your precious time.

I'm a 31 years old guy who is very interested in world politics. I love to research and read up a lot about a country's history and the evolution and progresses that were and are going on there. After visiting the USA in June last year, I especially became interested in your wonderful home country. Sadly, I have only been in the state of Washington so far but I really hope to come to South Carolina soon! As you can't talk about the USA and its politics without mentioning you and your work as Governor of South Carolina, I am very aware of your life and biography, and think that you are an amazing politician, and truly a wonderful human-being!

Because of my love for the USA, I have started to collect autographs from important figures and politicians from your country. As my collection would never be complete without your signature, I would like to ask you a question: Is it perhaps possible that you could sign the two enclosed photographs on the front for me? You could not imagine how honoured I would feel, to receive such a personal response from one of America's most influential politician in history! It would truly mean a lot to me to have something personal from you, and it would be a very important step to completing my collection! For writing back, I have also enclosed an addressed and stamped return-envelope, so you don't have to pay for any kind of postage.

Thank you so very, very much for your time and effort your Excellency, I'd like to express my deepest gratitude, and am looking forward to hearing from you! For all your current and future plans I'm wishing you all the best, and always good health to you and your beloved ones!

With sincerest greetings from Germany,
