Dear Governor Haley, I commend you for the stand you have taken against the showing of the Confederate flag. It was obviously a difficult personal and political decision. It was an amazing act of courage to state: "I am urging that the Confederate battle flag be removed from statehouse grounds to an appropriate location." Now might it not be even a greater sign of courage, compassion and an attempt to bring healing about to take down the flag immediately and then state something to the effect, "As legislatures we will not meet to discuss whether or not to take the flag down but we will meet to discuss whether or not to return it to the grounds of the State Capitol." Thank you for hearing me out.
