Re: Elie Wiesel WHITE RACIST Moral Compass  
Sir,

Please see copy of my letter enclosed. These letters have been read by more than 1000 people already.

How dare you associate Wiesel with humane giants like Mahatma Gandhi, Nelson Mandela, Martin Luther King Jr., Helen Keller, Mother Teresa? And yes you are free to join hands with WHITE governments for sending Aboriginal children from families and sending them to residential Christian schools in Canada, the U.S. and Australia to name a few?

Where was this 'moral compass' when it came to speaking out against Israel, the West and U.S. when they murdered Palestinians and made them refugees (1948) on their own land. Then assigned them to inhumane animal like refugee camps in Jordan, Lebanon, Egypt and Syria and a few more locations? Isn't this treatment and actions of then, now coming to haunt you murders, thanks to ISIS (a monster as well), a creation of your own (George Bush, Tony Blair) and Hillary Clinton and Israel to name a few)? Neutrality helps the oppressor, (you) never the victim (Palestine). Silence encourages the tormentor. (Israel & the U. S.) never the tormented (Palestinians). Were you a voice for social justice and humanity? In all honesty you have been the most ardent spokesperson and supporter for repression, hatred and violence.

I am sure you are aware that there are more (wasted) holocaust museums in the U.S. and Israel than there are indigenous people and African-American museums. Money talks. Thanks to the Internet you have now lost the monopolistic strangle hold on our media. Twenty years ago you and I could not have been exposed to a letter of this tone and honesty. Is this hate mail? For you it might be because it differs from your hate mail especially against Palestinians.

You need to forthwith get out of Palestine and work towards creating a Sovereign Palestinian state and their right to return. Only then will ISIS stop causing more damage and destruction. You are Hitler's dream come true, you are more hated now than at the time of Hitler. You have done him a great service and to the rest of us a disservice.

Remember. Israel, and the U.S., is the Cause, ISIS, the Effect, in all wars and hatred around the world. Only God, Bhagwan, Allah and Yahweh can help you..

Obviously, (Obama's peace and no war) and the west wants to bring to an end ISIS influence and its barbaric activities. Then Israel, the U.S. A, Germany, England, France, Canada, China, Russia, India, Saudi Arabia, Iran, Australia and other nations must work seriously towards declaring unequivocally "Palestine's long overdue Sovereign Independence within six months".

**Re: Palestine Indigenous People**

**"The only thing necessary for the triumph (of evil) is for good men to do nothing" – Edmund Burke.**

This letter has been read by more than 1500-1800 people already. We are all witnessing the self-immolation of the U. S. Empire. We are often reminded that self-inflicted wounds are more affective. The U. S. does not need the Russians or ISIS for its ruination. The Right-Wing U. S. Congress along with the Israelis *is more than capable of carrying out this task. That being said then it is countries like India alone who could bring about a transformation by initiating the overdue change in the establishment of an independent and sovereign Palestine state. Why should it be solely the responsibility or prerogative of the U. S. for the creation of this state.*

Ever since 1948 Israel has leaned on the western countries to ensure its security. Then came the Two-State pretext, later Iran, Hamas, and Hezbollah. Since then Israel has used its Security as a black mail and scare tactic.

I urge you to initiate this bold step in seeking the creation of an independent Palestinian state. If you ignore this opportunity might I remind you that the Indian National Congress might adopt this in their plank in the next election? They have a stellar record when it comes to Muslims and India's strong Secular State status internationally. If you undertake this honest and bold step you will be recognized as the future leader in international matters. You will neutralize Pakistan's aggressive stance towards you. The world which is being divided in to Muslim and non-Muslim or Christian will silently acknowledge your leadership. You would recall that India's first P. M. refused to take sides when the world was divided into Communist and Non-Communist. Or East vs West. India led the non-aligned movement and thus averted any clash of the two antagonists. In 2016 you could become a unifying leader, unite and lead Iran, Saudi Arabia, Egypt, Jordan, Pakistan, Bangla Dash, Syria, Lebanon, Indonesia and many north African Islam leaning countries. Isn't it time that we all recognized the outgoing Barak Obama before the end of the year. Please provide him, this most worthy advocate of peace, his most desired accomplishment i.e. Palestine. He was the sole leader who had the courage and honesty to call upon Israel to withdraw to the **Israel of 1967.**

The world is certainly on the lookout for leadership based on peace. There is no better proponent or advocate for this change in attitude than Mr. Obama. He has excellent relationships with you in that he visited India twice during his tenure.

Please take a close look at Canada's 2015 election. Mr. Stephen Harper took a sound trashing because of his lack of international contribution much less leadership. His defeat could be summed up in one word "Israel". He abandoned Canada's long standing peaceful position that was established over the past 30-40 years. One of the main proponents or architects of this policy was the late Pierre Trudeau.

Now is the time to apply pressure in the Boycott, Divestment and Sanctions (BDS) movement in relation to Israel.

Mr. Modi, I don't expect any western country to take or provide this kind of leadership. They are still trying to bury their blinded silence over their role when Hitler was on his rampage. However, by the same token Israel has milked and bilked the holocaust for what it was worth. You have no part, guilt or responsibility in this atrocity. Israel has been over compensated for this tragedy by Germany, the U.S. and some European nations. However, she would like to extend this guilt, ransom and legacy for another 100 years. And guess who is paying for all this, it is none other than the Palestinians.

It is my appeal to you. Please provide President Barak Obama this most worthy advocate of peace his most desired accomplishment. May I suggest that you avoid the U. N. Security Council. Please proceed cautiously and with prudence to the U. N. General Assembly where there is no (abusive and controlling veto).

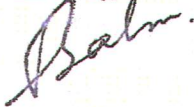

However, today we have Israeli Apartheid. You don't need Israel, she needs you. The only language Israel speaks is War, WAR and more WAR. She has the full support of the "Right-Wing Lunatics", war mongers in the U. S. Congress. She has closely aligned herself with Donald Trump.

In conclusion, Europeans killed millions of Jews. Palestinians, Muslims, or Arabs didn't. The U. S. has it's "The right to Bear Arms" and the NRA. Mahatma Gandhi said. "An eye for an eye and the whole world turns blind."

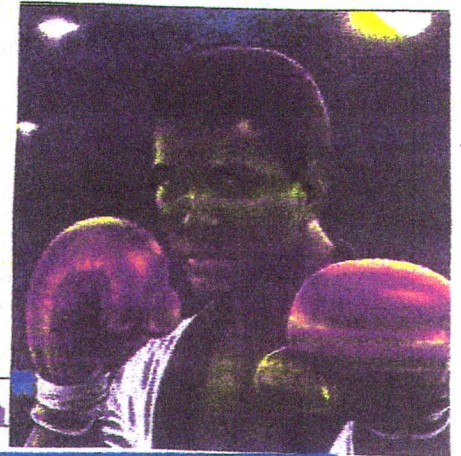

Canada has come to terms with its despicable treatment of North American Indian, the Inuit, and its indigenous people. Canada's Prime Ministers have apologized from the House of Commons. We have set up the "Truth and Reconciliation Commission in an admission of and a sincere Mea Culpa for our grievous errors of the past. America's enigmatic Systematic Racism and lack of diversity is alive. There is no melting pot. My criticism here is directed to most Western leaders, minus, Obama and Canada's P. M. However, in this I unequivocally state that the average American is excluded. When disaster strikes around the world, they are the first with blankets, water, transportation and goodwill. I have travelled through 46/50 states and to most large urban areas. These ordinary Americans put to shame their politicians and the media.

Thank you for your valuable time, I look forward to a response.

Sincerely,

Gerald N. Balm

AGAINST ISRAELI APARTHEID

Apartheid Israel

The 736 kilometer wall that divides Palestinian land from the State of Israel

Palestinian and Jewish children, who now live in the shadow of this wall of hatred and division, will also dwell in concord and peace without the walls and barbed wires. They will also see the walls crumble... a dream? Yes, as of now. But, it could be a reality someday.
