Chairman

The Chairman stated that he was moving item 15, Charleston Wage Recovery Program and item 19, Library Site Selection up on the agenda.

A report was furnished by the Finance Committee under date of May 28, 2015, that it considered the information furnished by Interim County Administrator Keith Bustraan and the request for funding for the Charleston Wage Recovery Program received from Charleston Area Justice Ministry.

Committee recommended that Council allocate funding in the amount of \$75,000 to come from the FY 16 Council Contingency to Charleston Wage Recovery Program, administered by SC Legal Services, contingent upon Charleston Area Justice Ministry receiving matching funds of \$75,000 from other sources.

Ms. Condon stated that after speaking with other people in the community and coming to understand the Wage Recovery Program a little better, she still believed it was the state's responsibility to investigate wage theft cases, but that the citizens of Charleston County should not be forced to suffer due to the state's inaction. She stated that she would like to make a motion to fully fund the Charleston Wage Recovery Program in the amount of \$150,000 with funding to come from sources to be determined by the Interim County Administrator. Ms. Condon stated that she trusted Mr. Bustraan's judgment to find an appropriate source in the County's budgets, whether it be from Economic

Funding**

**Request to

Development, or perhaps Accommodations Tax funding, to fully fund the program. Mr. Rawl seconded the motion.

Mr. Qualey stated that he was opposed to the motion. He stated that he did not believe it was the County's position to right every potential wrong and he feared this would put the County in a position where every person who is potentially aggrieved would ask for funding to try to fix it.

Mr. Schweers asked if there would be any type of accountability reporting where SC Legal Services would account for any wages which are recovered through the program. Chairman Summey stated that accountability reporting would be a condition of the contract before funding was released.

Ms. Condon stated that she would like to amend her motion to specify that the funding would be \$130,000 from Council Contingency and \$20,000 from non-departmental resources. Mr. Rawl accepted the amendment.

Mr. Sass asked how much would be left in contingency. Mr. Bustraan stated that this would deplete the contingency.

Mr. Sass stated that he had an opportunity to meet with representatives of Charleston Area Justice Ministry and that while he believed that the cause was admirable, he did not believe this was our job.

Mr. Qualey stated that Council was on the verge of passing a budget which included a tax increase and giving away this additional \$150,000 would deplete the Council Contingency, so while he would never support the action, he believed this was particularly bad timing to be taking this action.

The Chairman called for a roll call vote on the motion. The roll was called and votes were recorded as follows:

Condon	- aye
Darby	- aye
Johnson	- aye
Pryor	- aye
Qualey	- nay
Rawl	- aye
Sass	- nay
Schweers	- nay
Summey	- aye

The vote being six (6) ayes and three (3) nays, the Chairman declared the motion to have passed.

**Library Site
Selection**

Recommendation

A report was furnished by the Finance Committee under date of May 28, 2015, that it considered the information furnished by Interim County Administrator Keith Bustraan, Deputy Administrator for General Services Walt Smalls, and the

recommendation of the Library Board of Trustees regarding site selection for the new West Ashley library and the new James Island library.

Committee recommended that Council:

1. select the property located on West Wildcat Blvd. adjacent to West Ashley High School for the location of the new West Ashley library.
2. select the former Baxter Patrick Elementary site for the location of the new James Island library.

Mr. Qualey made a motion to defer action on the James Island library site selection until another meeting with the James Island PSD could be held in order to try to accomplish the goal of pursuing the Library Board's first choice for the new library location. The motion was seconded by Mr. Sass.

Mr. Qualey stated that there has been so much forward progress on trying to secure the PSD location and the PSD meeting where this item would be discussed would be held next week and he hoped Council would support the motion to delay.

Ms. Condon stated that she appreciated the public support on both sides of the issue and she wondered if with a little more time to explore options there wouldn't be an opportunity to perhaps build a slightly smaller library at Baxter Patrick while preserving a remodeled library at the current location. She stated that the message she has heard from citizens is that they like community libraries and they like to be close to their library. The other large communities in the County – Mount Pleasant, North Charleston, and West Ashley all either currently have three libraries or are in the process of building a third library. There is no question that James Island has the population to support two libraries.

Ms. Johnson stated that she could not support deferring the matter any longer. The site selection had already been deferred three times at Mr. Qualey's request.

Mr. Qualey stated that he did not believe another week to see if the Library Board's first choice site could be acquired would hurt. He stated that he represents 87% of James Island and Ms. Johnson represents only 13% so he believed Council should defer to his request.

Mr. Sass stated that he would support deferring site selection because not only was Mr. Qualey asking for deferral, but the Mayor of James Island and other representatives of the area were also asking for delay.

Mr. Schweers stated that he would never support purchasing the PSD property for over the appraised value so that needed to be part of the motion. Chairman Summey stated that he and Mr. Sass had already told representatives of the PSD the County would not pay more than the appraised value.

The Chairman called for a roll call vote on the motion to defer. The roll was called and votes were recorded as follows:

Condon	- aye
Darby	- nay
Johnson	- nay
Pryor	- nay
Qualey	- aye
Rawl	- nay
Sass	- aye
Schweers	- aye
Summey	- nay

The vote being four (4) ayes and five (5) nays, the Chairman declared the motion to have failed.

Mr. Pryor moved approval of the Committee recommendation, seconded by Ms. Johnson.

Ms. Condon stated that she believed there was a clear, vocal message from folks who would like to see library services offered on that side of Folly Road. She also believed there was also a clear, vocal message that there is another constituency which would like to see a library more near the population center of James Island. She stated that she thinks each side is asking for a community library. She requested that Mr. Pryor amend his motion to build a slightly smaller library at Baxter Patrick and renovate Dills Bluff. Mr. Pryor stated that he would like to stick with the Committee recommendation.

The Chairman called for a roll call vote on the motion for Committee recommendation. The roll was called and votes were recorded as follows:

Condon	- aye
Darby	- aye
Johnson	- aye
Pryor	- aye
Qualey	- nay
Rawl	- aye
Sass	- nay
Schweers	- nay
Summey	- aye

The vote being six (6) ayes and three (3) nays, the Chairman declared the motion to have passed.

Chairman Summey stated that as Chairman he did not need to make a motion, but would like to task staff with reporting back to Council exactly how big the Baxter Patrick Library will be, what the budget for the construction will be, exactly how much it would cost to renovate the current Dills Bluff location, and if the Town of James Island is interested in possibly contributing to the cost to keep the current location open so that at some time in the future Council can explore the idea of maintaining the current location.

An ordinance rezoning the property located at 768 Main Road was given third reading by title only.

The Chairman called for a roll call vote on third reading of the ordinance. The roll was called and votes were recorded as follows:

A requirement of the Solid Waste Ordinance is that County Council each year adopts an ordinance relating to rates to be imposed during the year to pay certain costs associated with disposition of Solid Waste. County Council has adopted rate ordinances as contemplated by the Solid Waste Ordinance for each fiscal year since adoption of the Solid Waste Ordinance. The rate ordinances relate to, among other things, the imposition of annual disposal user fees for the disposition of solid waste, provide for classifications of real property subject to annual disposal user fees and establish the amount and make appropriations of the annual disposal user fees. The rate ordinances were adopted on September 20, 1988, August 22, 1989, October 2, 1990, June 18, 1991, June 2, 1992, June 15, 1993, June 7, 1994, June 6, 1995, June 4, 1996, June 3, 1997, June 2, 1998, June 1, 1999, June 6, 2000, June 5, 2001, June 4, 2002, June 3, 2003, June 1, 2004, June 6, 2005, June 6, 2006, June 5, 2007, June 3, 2008, June 2, 2009, June 15, 2010, June 16, 2011, June 19, 2012, June 18, 2013, and June 17, 2014. The Solid Waste Ordinance, the 1988 Ordinance, the 1989 Ordinance, the 1990 Ordinance, the 1991 Ordinance, the 1992 Ordinance, the 1993 Ordinance, the 1994 Ordinance, the 1995 Ordinance, the 1996 Ordinance, the 1997 Ordinance, the 1998 Ordinance, the 1999 Ordinance, the 2000 Ordinance, the 2001 Ordinance, the 2002 Ordinance, the 2003 Ordinance, the 2004 Ordinance, the 2005 Ordinance, the 2006 Ordinance, the 2007 Ordinance, the 2008 Ordinance, the 2009 Ordinance, the 2010 Ordinance, the 2011 Ordinance, the 2012 Ordinance, the 2013 Ordinance, and the 2014 Ordinance are herein referred to as the Ordinances.

2. In each of the Ordinances, County Council has made certain findings and declarations concerning the need for an adequate Solid Waste Disposal and Resource Recovery System (the "System") for the County, concerning the means of obtaining the use of such System, concerning the benefits that would accrue to property owners in the County from the existence of the System, and concerning certain other matters set forth more fully in the Ordinances.

In each of the Ordinances, County Council has made specific reference to certain terms and conditions set forth in the Ordinances previously adopted but has not specifically set forth the provisions to which reference has been made. As a result, it has been necessary in the past to refer to each of the Ordinances for a complete understanding of all the terms and conditions relating to the System. In connection with adoption of the 1995 Ordinance, several citizens suggested that a single rate ordinance restating the relevant provisions of the Ordinances would be helpful to their understanding of the System. County Council determined to undertake such an effort in adopting the 1995 Ordinance, which attempted to include many of the separate terms and conditions set forth in each of the Ordinances in order to cumulatively present the County's system of Solid Waste. In the interest of efficiency, County Council has determined to incorporate by reference the 1995 Ordinance rather than restate herein the terms and conditions that cumulatively present the County's system of Solid Waste. In addition to incorporating by reference the 1995 Ordinance, it is the purpose of this Ordinance to take the action required on an annual basis by the Solid Waste Ordinance.

3. As stated in Paragraph 2 of SECTION 5 of the Solid Waste Ordinance, as amended, County Council must adopt a Rate Ordinance establishing classifications and determining the Recycling and Disposal Fees to be imposed upon the Owners of occupied real property within the County. The purpose of this Ordinance is to meet the requirements of the Solid Waste Ordinance and the Ordinances.

SECTION 2. Definitions. The definitions contained in the Ordinances are incorporated herein by reference.

SECTION 3. Annual Solid Waste Recycling and Disposal Fees, Amendment of SECTION 20 of the Solid Waste Ordinance. As required by Paragraph (1) of SECTION 5 of the Solid Waste Ordinance, and as further required by the Ordinance providing for the issuance of the 1994 User Fee Revenue Bonds, County Council is required annually to adopt a budget for the operation and maintenance of the System. Such budget is attached hereto as Exhibit A, which budget confirms the funds described in the Fiscal Year Beginning July 1, 2015 Budget Ordinance adopted by County Council substantially on a schedule consistent with adoption of this Ordinance, which funds are hereby appropriated for the purposes set forth in Exhibit A. In order to provide a portion of the sum reflected in the budget, County Council sets the following Annual Solid Waste Recycling and Disposal Fees.

1. Residential Properties -- the Annual Solid Waste Recycling and Disposal Fee (the "Fee" or "Fees") for Residential Properties shall be as follows:

<u>Classification of Property</u>	<u>Annual Solid Waste Recycling and Disposal Fee</u>
Single Family Residence	\$99.00 each
Multi-family Unit	\$70.00 each

2. Non-Residential Properties -- the Fee for Non-Residential Properties shall be \$86.00 for all Non-Residential Properties that generate 0.5 cubic yards or less of non-compacted waste per week. The Fee for other Non-Residential Properties shall be the product of \$172.00 multiplied by the average number of cubic yards of non-compacted waste generated per week. Compacted waste shall be calculated at a ratio of four cubic yards of noncompacted waste for every one yard of compacted waste.

SECTION 4. Preparation of Annual Disposal User Fee Roll. The Solid Waste Ordinance provides that upon adoption by the County Council of the Rate Ordinance and not later than the date the County tax books are transmitted by the Auditor to the County pursuant to Section 12-39-140 of the S.C. Code, 1976, as amended, the Auditor shall cause to be prepared an Annual Disposal User Fee Roll (the "Fee Roll"). The information required to be included in the Fee Roll shall conform to that maintained by the Auditor on the tax books with respect to real property within the County.

The Solid Waste Ordinance further provides that County Council shall cause to be published in a newspaper of general circulation in the County, once each week for two consecutive weeks, notice that County Council on a specified date at a regular or special meeting will hear testimony as to the amount of any Fee. At such time as the Fee Roll is

prepared, County Council will cause to be reviewed the Fee Roll prepared by the Auditor with respect to Residential Properties. County Council shall make such changes or additions as necessary to conform the roll to the Rate Ordinance. If upon the completion of such review, County Council shall be satisfied that the Fee Roll for Residential Properties has been prepared in conformity with the Rate Ordinance, it shall ratify and confirm such roll and certify the roll to the Treasurer and the Solid Waste User Fee Department, as appropriate, for collection.

County Council will also cause to be reviewed the Fee Roll for Non-Residential Properties prepared by the Revenue Collections Department. County Council shall make such changes or additions as necessary to conform such roll to the Rate Ordinance. If upon the completion of such review, County Council shall be satisfied that the Fee Roll for Non-Residential Properties has been prepared in conformity with the Rate Ordinance, it shall ratify and confirm such roll and certify the roll to the Revenue Collections Department for collection.

SECTION 5. Required Publications and Public Hearing. As required in Sections 5 and 7 of the Solid Waste Ordinance, a public hearing shall be held prior to adoption of this Ordinance for the following purposes:

1. To adopt a budget for the operation and maintenance of the System.
2. To adopt a Rate Ordinance establishing classifications and determining the Fees.

As required by the last paragraph of Section 5 of the Solid Waste Ordinance, notice of the time, place and purpose of the public hearing was published once a week for two successive weeks prior to the public hearing, specifically May 18, 2015 and May 27, 2015. The form of such notice is attached hereto as Exhibit B.

As required by SECTION 7 of the Solid Waste Ordinance, "County Council shall cause to be published in a newspaper of general circulation in the County once each week for two consecutive weeks, notice that the County Council on a specified date at a regular or special meeting will hear testimony as to the amount of any Annual Recycling and Disposal Fee." Such notice was supplied in the publication described in the preceding paragraph in order to afford County Council the opportunity to hear testimony as to the amount of the Fee. As stated above, the form of such notice is attached hereto as Exhibit B.

SECTION 6. Ratification and Confirmation of Annual Solid Waste Recycling and Disposal Fee. A public hearing has been held in connection with adoption of this Ordinance to enable County Council to hear comments and receive testimony regarding (1) the budget for the System and (2) the rates and classifications determining the Fees to be imposed upon the Owners of certain property within the County or collected by municipalities primarily located in the County. County Council hereby ratifies and confirms the Fee.

SECTION 7. Partial Invalidity. If any section, subsection, sentence, clause, phrase or portion of this Ordinance is for any reason held invalid or unconstitutional by any court of

competent jurisdiction, that portion shall be deemed a separate, distinct and independent provision, and such holding shall not affect the validity of the remaining portion of this Ordinance.

SECTION 8. Effective Date. This Ordinance shall take effect upon third reading by County Council.

ADOPTED and APPROVED in meeting duly assembled this 16th day of June, 2015.

Clerk to Charleston County Council

First Reading: May 28, 2015

Third Reading: June 16, 2015

A report was furnished by the Finance Committee under date of June 11, 2015, that it considered the information furnished by Interim County Administrator Keith Bustraan, Human Resources Director Fagan Stackhouse, and Evergreen Solutions, LLC regarding the Elected Official's Pay Plan.

Elected
Officials' Pay
Plan

Committee recommended that Council approve the use of Average from Market for the Elected Officials' salary, but adjust the Treasurer's salary to \$124,131.08 with the understanding that they will not receive the 5% re-election or longevity increases, but will be eligible for Cost of Living Adjustments and merit salary increases which will be at the midpoint of the rate approved by County Council.

Request to
Approve

Mr. Bustraan stated that staff had prepared a presentation in order to review the pay plan including the beginning salaries for each elected official.

Ms. Condon moved approval of the committee recommendation. The motion was seconded by Mr. Pryor.

Mr. Pryor asked whether the salaries would reset at the base pay if a new person is elected to office. Mr. Bustraan confirmed that it would, but that prior to the filing period, Council may vote to adjust the starting salaries.

Ms. Condon stated that this was not what she had intended with her motion that the salary should go with the job, not the individual.

Mr. Dawson stated that the plan, as written in the proposed amendments to the Personnel Policies and Procedures would be to set a base salary and this action would raise the current elected officials' pay greater than the base salary and that in the event a new person is elected to office, the salary would reset to the base salary unless Council took action to increase the salary.

Mr. Summey asked if the current Treasurer is making \$124,000, if someone else is elected Treasurer next term what would that person make?

Mr. Dawson stated that the new person's salary would depend on the action Council took at that time. The newly elected official's salary would reset to the base pay unless Council took action to adjust the salary.

Ms. Condon stated that it was the intent of her motion specifically not to follow that plan, that her motion would be to set a salary for the position and if another individual is elected to that position, they would receive the salary set for the position. If Council determines the job of the Treasurer is worth \$124,000 that would be the salary any person serving as Treasurer should receive.

Mr. Dawson stated that if that was the policy Council wanted to move forward with, the policies would be adjusted after Council's vote to set the salary for the elected officials.

Mr. Summey stated that he believed the desire of Council at the Finance Committee was that the salary should go with the position, not the person. Whoever is elected to the position should receive the same salary.

Mr. Qualey stated that he has voted across the board against pay increases and he intended to vote against these increases because he believed these increases were staggering. He stated that he believed a better practice would have been to incrementally increase the elected officials' pay. He also mentioned that he believed adjusting the Treasurer's salary so far above the consultant's recommendation was arbitrary.

Mr. Schweers stated that he supported this at committee, he would not support it at this meeting. He stated that the Treasurer's salary was arbitrary and that he did not believe merit and longevity should be included.

Mr. Pryor stated that he, too, would be able to support this motion if the merit and longevity were removed.

Chairman Summey asked Mr. Dawson when the salaries would go into effect.

Mr. Dawson stated it was his understanding that the increases would go into effect July 1.

Mr. Summey asked how that was possible and why the new salaries wouldn't go into effect at re-election.

Mr. Dawson stated that state law dictates when and at what time Council can vote to raise its pay and when that pay raise becomes effective, but the other elected officials salaries are not subject to that same process.

Mr. Pryor asked if Ms. Condon would consider amending her motion to remove longevity and COLA increases for elected officials. Ms. Condon declined and stated that she believed Cost-of-Living Adjustments for the elected officials was important and was the root of the problem resulting in the elected officials' salaries being roughly \$30,000 behind the average salary as determined by the consultant. She also stated that since the COLAs are being replaced by a merit-based pay system, this motion would give the elected officials an increase at the mid-point, which would be similar to the increase an average employee would receive.

Mr. Darby asked what tool was used to determine the recommended salaries.

Mr. Stackhouse stated that a market-based salary study was performed which included taking an average of the elected officials' salaries in jurisdictions of similar size and responsibility.

Mr. Darby stated that it was his impression that none of the elected officials were making the base pay and he wanted the public to know there were not exorbitant increases.

The Chairman called for a roll call vote on the motion, which was the committee recommendation. The roll was called and votes were recorded as follows:

Condon	- aye
Darby	- aye
Johnson	- aye
Pryor	- aye
Qualey	- nay
Rawl	- nay
Sass	- nay
Schweers	- nay
Summey	- aye

The Chairman declared that the motion passed with a vote of five (5) ayes and four (4) nays.

A report was furnished by the Finance Committee under date of June 11, 2015 that it considered the information furnished by Interim County Administrator Keith Bustraan, and Fagan Stackhouse, Director of Human Resources, regarding the Personnel Policy Updates. The Charleston County Personnel Policies and Procedures are formulated for the efficient and effective operation of Charleston County government. Changes to the policy are recommended in order to comply with updated legislation and to respond to changes affecting our day to day operations. The last comprehensive updated occurred in 2007.

Committee recommended that Council approve the implementation of Personnel Policies and Procedure changes to 0.10 to 5.80 with an effective date of July 1, 2015.

Mr. Pryor moved approval of the committee recommendation, seconded by Mr. Sass, and carried. Mr. Qualey voted against the motion.

Mr. Schweers asked if the County budget was being increased because of the implementation of merit pay. He stated that he was part of the CAPES Committee which had developed the merit pay program and it had been his understanding that this would not require a budget increase.

An ordinance establishing the FY 2016 Charleston County budget was given third reading by title only.

The Chairman called for a roll call vote on third reading of the ordinance. The roll was called and votes were recorded as follows:

A report was furnished by the Finance Committee under date of June 11, 2015, that it considered the information furnished by Interim County Administrator Keith Bustraan and Deputy Administrator for General Services Walt Smalls regarding a Fire Station needed near Paradise Island in Awendaw. It was stated that a suitable property was located at 2 Woodville Road, containing approximately 5.5 acres and appraised at One Hundred Twenty Thousand (\$120,000.00) Dollars, and the owner is willing to sell the property for the appraised value and close by July 30, 2015.

Committee recommended that Council:

1. Authorize the Chairman of County Council to execute a contract of purchase with Joseph L. Coates, Trustee of the Joseph L. Coates Living Trust, and Joan B. Coates, Trustee of the Joan B. Coates Living Trust, in the amount of One Hundred Twenty Thousand Dollars and 00/100 Cents (\$120,000.00) for the purchase of the property located at 2 Woodville Road, Awendaw, South Carolina, TMS 628-00-00-038, Lot 18-A.
2. Authorize the County Attorney's Office to review all documents dealing with the purchase.

A report was furnished by the Finance Committee under date of June 11, 2015, that it considered the information furnished by Interim County Administrator Keith Bustraan and Budget Director Mack Gile regarding carry forward funds. It was stated that each year it is recommended that County Council take specific action to designate (or "carry forward") certain unspent funds into the next fiscal year. Section 17 of the County budget ordinance for FY 2016 provides the ability for Council to designate funds, and that all designations expire at the end of FY 2016 unless they are designated again by Council.

It was shown that the County has nine areas for which staff is recommending designations. These areas are:

1. Detention Center: Illegal Alien Assistance funds – not to exceed \$830,049*

The grant from the Bureau of Justice Assistance through the State Criminal Alien Assistance Program requires the funds to be included in the County's General Fund. However, the funds are restricted to defraying the Detention Center's personnel and operating costs associated with illegal alien detainees. To maintain the restriction, the unspent balance of these funds should be designated for use in FY 2016.

2. Assessor – \$190,000

For FY 2015, funds were budgeted for mailing notices for reassessment. The mailing of the notices was anticipated in June; however, the notices will be mailed subsequent to June. By designating these funds, the Assessor will be able to meet the legal requirement to mail reassessment notices.

3. Technology Services projects – not to exceed \$200,000*

For FY 2015, funds were budgeted for Technology Services for projects to maintain and upgrade the County's technology infrastructure. Several of these projects will be in progress at June 30, 2015. By designating these funds, Technology Services will be able to continue maintaining the County's technology infrastructure.

4. West Ashley Senior Citizens Center - \$422,109

For FY 2015, funds were budgeted for County Council for the West Ashley Senior Citizens Center. This project will be in progress at June 30, 2015. By designating these funds, County Council will be able to contribute to the center in the future.

5. Environmental Management: Signal Point Road Convenience Center – not to exceed \$85,000*

The Signal Point Road Convenience Center is currently under construction and will be in progress at June 30, 2015. By designating these funds, Environmental Management will be able to complete the construction of the convenience center.

6. Human Resources – not to exceed \$150,000*

During FY 2015, funds were budgeted for consultants to perform a market study. By designating these funds, the market study will be able to be completed during FY 2016.

7. Auditor – \$10,000

During FY 2015, funds were budgeted for start-up costs to change the print vendor. By designating these funds, the Auditor will have funding to make this transition during FY 2016.

8. Corps of Engineers – \$250,000

- During FY 2015, funds were budgeted for the Corps of Engineers for dredging of the intracoastal waterway. The Corps of Engineers is working on the project; however, the funds will not be expended during FY 2015. By designating these funds, the funding for the Corps of Engineers will be available during FY 2016.
- In developing the FY 2016 budget, the funding for the Corps of Engineers was recommended from the roads portion of the Transportation Sales Tax rather than the Local Accommodations Tax. This allowed the Local Accommodations Tax to maximize the reimbursement to the General Fund for tourist-related expenditures. The funds from FY 2015 are also recommended from the roads portion of the Transportation Sales Tax rather than the Local Accommodations Tax.

9. Zoning/Planning – \$30,000

During FY 2015, funds were budgeted for a historic preservation grant match; however, the award of the grant has been delayed beyond June. By designating these funds, Zoning/Planning will have funding for the grant match during FY 2016.

*Final amount determined when FY 2015 actual expenditures are known.

Committee recommended that Council designate funds to be added to the FY 2016 budget as follows:

1. Detention Center: Illegal Alien Assistance funds in an amount not to exceed \$830,049.
2. Assessor: reassessment mailing in the amount of \$190,000.
3. Technology Services: on-going projects in an amount not to exceed \$200,000.
4. County Council: West Ashley Senior Citizens Center in the amount of \$422,109.
5. Environmental Management: Signal Point Road Convenience Center not to exceed \$85,000.
6. Human Resources: market study in an amount not to exceed \$150,000
7. Auditor: start-up costs for print vendor in the amount of \$10,000

8. Corps of Engineers: intracoastal waterway dredging in the amount of \$250,000 from the roads portion of the Transportation Sales Tax
9. Zoning/Planning: grant match in the amount of \$30,000

The next item on the agenda was the County Administrator's contract.

Mr. Sass moved that County Council hire Keith Bustraan as Charleston County Administrator and authorized the Chairman of County Council to execute an employment contract thereto. The motion was seconded by Ms. Condon and carried unanimously.

The Chairman congratulated Mr. Bustraan on his new position.

The Chairman asked if any member of Council wished to bring an item before the Body.

Comments**

Mr. Rawl stated that he had voted against both the CAPES study and the County budget, which is unusual, and wanted to explain his votes. He stated that he believes elected officials ought to be paid one salary and that salary ought to stay the same otherwise the public does not understand it. They run for elections. That elected salary is fixed for a certain period of time and he had a problem with the process Council went through to set the salaries, not necessarily the amounts. He stated that his vote against the budget is rooted in his struggle with what Charleston County should be responsible for doing versus a municipality, public service district, or town. He also voiced his support for the efforts made by Charleston County employees in developing and presenting the budget.

Mr. Schweers stated that he wanted to thank Mr. Bustraan for being willing to take the position of Charleston County Administrator, that Mr. Bustraan had saved Council the task of conducting a national search and last time Council had done a national search he wasn't impressed with the results and it was his belief a national search would have yielded Keith Bustraan anyway.

Ms. Johnson thanked the community for coming out to witness Council at work and for participating in the process. She stated that she was pleased with the outcome of the library site selection votes and looked forward to a brand new, 20,000 square foot library at the Baxter Patrick site.

Ms. Condon thanked Mr. Bustraan for accepting the position of County Administrator and thanked the staff for their work on the budget.

Mr. Pryor also congratulated Mr. Bustraan on his position as County Administrator. He also stated that Council's vote was to move forward with the Baxter Patrick site for the library with a brand new 20,000 square foot building and he hoped he did not hear in the future ideas about building a smaller library there and another small library on the other side of James Island. He also pointed out that the Library Board reports to Council, not the other way around.

Chairman Summey congratulated Mr. Bustraan on his position as County Administrator. He stated that he remembered meeting Mr. Bustraan when he was in sixth grade and Mr. Bustraan was the Budget Director and he had always admired Bustraan.

There being no further business to come before the body, the Chairman declared the meeting to be adjourned.
