Rebecca,

Well, I have a typo. See below. Initially I spelled it out in the EO, but then I took it out and just referenced 56-5-70. My thought was I didn't want to encourage the 120 and 30 days in case Governor wanted to shorten. Only problem is I referenced the dates in 56-7-70 - I put a 7 where the 5 should be.

Options:

Ask the SOS to fix scrivener error. Update website. Email revision to all groups previously emailed to.

Update the Order by putting "Amended" and posting.

Thoughts? You can let me know tomorrow.

Subject: RE: Executive Order

Jared,
Thanks for calling this to my attention. The provision should state 56-5-70 not 56-7-70. I will get that corrected. The timelines are below and are in effect until the Governor issues an Executive Order rescinding these timelines due to the emergency being over. We would notice the rescission.

Thanks,
Richele

SECTION 56-5-70. Certain vehicle requirements suspended during state of emergency; declarations of emergency triggering federal relief under 49 C.F.R. 390.23.

(A)(1) Notwithstanding any provision of this chapter or any other provision of law, during a state of emergency declared by the Governor and in the course of responding to the state of emergency:

(a) requirements relating to registration, permitting, length, width, weight, and load are suspended for commercial and utility vehicles traveling on noninterstate **routes for up to one hundred twenty days**, provided the vehicles do not exceed a gross weight of ninety thousand pounds and do not exceed a width of twelve feet;

(b) requirements relating to time of service suspensions for commercial and utility vehicles traveling on interstate and noninterstate routes are **suspended for up to thirty days**, unless extended for additional periods in accordance with 49 C.F.R. 390-399.

Good afternoon Rebecca,

What is the expiration of the current executive order 2016-28?

Thanks,

Jared Bishop, *CDS*
