Re: Trash/Garbage around Columbia airport and toward S. Lake Drive, West Columbia SC on Platt Springs specifically

I just moved here and lived in many cities. What a turn off this city is in and around the airport on Platt Springs Drive. I lived here for the past year in a nice subdivision over \$300K + and I have to look at this trash every damn day. Do you people not care what your city looks like????? People, politicians and visitors alike look at this trash by the airport on Platt Springs and probably want to run back home. What a disgrace this town is. This is the capital's airport? What a joke! Have you also looked at the trashy trailers, yards and junk everywhere else from the airport on Platt Springs to S. Lake Drive here on West Columbia?

I am so glad I will not be living in this dump of a place after I sell my house. This makes me sick. Don't we pay taxes to have our streets cleaned up????? Let's get this job done. It's a crime to look like pigs live here. Obviously, SC doesn't have any pride nor care. I have nothing good to tell my friends about this area. I Give your state an "F" in street/city maintenance. Give people jobs they need and clean up your town!

Cc: Mayor Stephen Benjamin, Mayor of West Columbia SC

Mayor Steve MacDougall, Lexington County, SC
