Subject: WUSC interview

Hello,

We spoke yesterday about arranging an interview with Governor Haley for my radio show for WUSC, University of South Carolina's radio station. My interviews with special guests are never "got you" interviews where I try to expose the guest or put them in a bad spot. My interviews are public interest pieces that shed light on guests and the work they have done and are currently doing. Currently, I do not have the specific questions and talking points for the interview but what I plan to conduct the interview about is the current state of South Carolina politics, South Carolina economy, national politics and the presidential race, Governor Haley's plans for the state, and personal characteristics and what drives her on a daily basis.

The timeline for the interview is very flexible. I would like to have the interview sometime in the next couple months. I am available pretty much every day in the afternoon.

You can contact me at this email address, brysolomon@yahoo.com, or by phone, 914-419-4566. Thank you for your assistance and we are looking forward to arranging the interview.

Thank you,
Bryan Solomon
