Subject: Join the Social Security Advisory Board's Policy Forum on Supplemental Security Income

Mark Your Calendar: July 12, 2016

Dear Colleague:

Please join the Social Security Advisory Board at our Policy Forum on the Supplemental Security Income (SSI) Program on Thursday, July 12, 2016 at the National Library of Medicine - Mount Vernon Square, 801 K Street NW, Washington DC. We hope you will come to share your ideas as we explore the program.

The Board has published multiple reports and statements over several years regarding SSI and modifications that would better meet program objectives. We look forward to this discussion of the program, its rules and procedures, and its effect on the lives of millions of Americans.

The agenda will include four sessions:

- SSI Resource Limits:
 - What are they?
 - How do they compare with limits in other public benefit and tax systems?
 - How (if at all) should they be updated over time?
 - What do new ABLE accounts mean for SSI recipients and the program overall?
- In-kind Support and Maintenance:
 - What is it and why do we have it?
 - How can these policies be simplified while maintaining basic program objectives?
- SSI and Poverty -- The Policy and Practice in Financing Child Welfare Programs:
 - What role does the SSI program for children play in current poverty policy discussions?
 - A look at how states fund child welfare programs and rely on federal financing.
- SSI Program for Children:
 - What happens to youth after they leave the SSI program?
 - What can we do to improve those outcomes?

We hope you will join us from 8:00 AM to 4:00 PM on the 12th. **Register** now and let us know any reasonable accommodation. Pre-registration is required for either the morning, the afternoon, or the full day.

For more information, including a full agenda and presenter information (when available), visit our forum [website](#) or call 202-475-7700.

See you on the 12th!

Sincerely,

Claire Green
Staff Director
