Subject: POSTPONE May 22nd MUSC Visit  
Importance: High

Hi Lily and Debbie-

Due to scheduling conflicts that have come about, I would like to ask that we postpone the Lt. Governor's and Director's visit on Monday. I would like to work with you all on setting up a date for the fall of 2017, that way I can make sure that the appropriate MUSC administration is available to also meet with them. This will give us more time to adequately plan an agenda and grande tour of MUSC facilities, as well as include all who play an integral part in the health and wellness of our senior population. I am going to ask that you work with Kelly Franklin, who is the MUSC Center on Aging Coordinator and Mark Sweatman who is in our MUSC Government Relations Office to find an appropriate date in the Fall.

I apologize for the late notice, but I do think this is in the best interest of everyone, as I know I can speak for myself and my Deputy Directors, we all want to be able to give the time and attention necessary to be able to help the state of South Carolina and our senior population.

If you have any questions, please do not hesitate to contact myself, or Kelly Franklin. I look forward to work with you all.

Thanks and have a great Wednesday.

Heather Boger
