Acts 5:29 Then Peter and the other apostles answered and said, We ought to obey God rather than men.

To the Honorable Governor Nikki Haley:

WE STAND WITH GOD would like to thank you for serving the state of South Carolina and we would like for you to know that many men and women are faithfully praying for you.

WE STAND WITH GOD is an organization of Pastors, Churches, and Christians across the state of SC that is rapidly spreading across other states. On August 29th, over 10,000 concerned Christian citizens gathered on the grounds of the South Carolina Statehouse to send a clear message to the Supreme Court and to our elected officials that "We will obey God rather than man" (Acts 5:29). And in further pursuit of that goal, we are now working to inform Christians in South Carolina as to how each of our elected officials stand when it comes to protecting our religious liberties.

Christians in our state need to know where you stand and what policies you support that would protect the religious liberties of churches, Christian ministries, businesses and individuals – whether it be from Supreme Court over-reach in re-defining marriage, government health-care policies regarding abortion or so-called transgender discrimination policies.

WE STAND WITH GOD would like to know your plans and actions to protect Christians and religious liberty in our state. We will share your comments by making them available on our website and via social media and other possible means to inform pastors, churches and Christians across South Carolina. A notification will be posted on our website with the names and offices of those who did not respond.

Religious liberty is America's foundational liberty. If you choose to STAND WITH GOD and support Biblical values in our government we will gladly stand with you.

The address is WE STAND WITH GOD, Post Office Box 699, Hartsville, SC 29551. Your prompt reply would be appreciated.

We pray for you. Thank you.

WE STAND WITH GOD

Pastor Chad Watson

Chairman
