Generations Unlimited
Proposal for Satellite Senior Center in Blackville

Based on the most current census data from the United States Census Bureau (2012), Blackville has a population of 2,360. 23% of people living in Blackville are age 45-64; and 12.3% (290 people) are 65 and older. Out of 1,145 households, 10.8% of households (123 households) are made up of someone living alone who is 65 or older. Blackville is a rural town where 32.8% of the population lives below the poverty line. The largest racial/ethnic groups in Blackville are Black (67.7%), White (24.3%) and Hispanic (5.1%).

Generations Unlimited operates the Senior Center as the designated Council on Aging for Barnwell County. The current Senior Center is located in Barnwell. While we do provide weekly frozen meals and fresh supplements to 23 seniors through our home delivered meals program in Blackville, we have no participants from Blackville attending our congregate program. Blackville is an underserved area of our county.

Generations Unlimited met with the Downt Development Corporation to discuss opening a satellite Senior Center. They have expressed overwhelming support and assisted in the effort to complete a community survey. In addition, they helped locate a building and approached the school district to request they partner with us on this project.

We had 46 responses from seniors to our community survey. Some of the results are summarized below:

- 77.78% felt that convenience was extremely important
- 95.55% reported that they were extremely likely or quite likely to use a senior center and one person was only moderately likely because they work full time.
- 50% reported that they were very likely to use transportation
- 97.73% reported that they were either extremely interested or very interested in this service
- When rating the importance of activities, 42.5% reported that a hot, nutritious meal was first; 38.46% rated exercise second and 35.9% rated nutrition and health education third.

Blackville School District was given the local golf course and clubhouse which was previously the Blackville Country Club. The clubhouse is handicapped accessible and has three spacious rooms for programming and dining. The School Board has approved partnering with us and will allow us to use the building rent free. In addition, they will continue to do the lawn maintenance and building maintenance as in-kind donations. The building will require some cosmetic work such as new flooring, painting and grab bars in the bathroom.

In order for this project to move forward, we are requesting additional congregate and transportation units to serve the seniors in Blackville. In addition, we will need start-up funds of around \$12,500 to purchase necessary items such as dining tables, warming oven, refrigerator, freezer, dishwasher, icemaker, computers, etc. We do have some items available such as a desk, office chair, file cabinets, folding chairs, etc. that we can use to avoid excessive start-up cost. We have attached an itemized list of what we would need to move forward.

Barnwell, SC 29812

September 25, 2014

Dear Ms. Firmender,

The possibility of partnering with Generations Unlimited to provide a Senior Center for the citizens of Blackville is one that has been very well received by our citizens and especially the Barnwell School District #19 (Blackville Hilda) School Board.

The building being considered is in an ideal location and has been under-utilized since being donated to the District in 2005. Blackville does not have a Senior Center so this would be of great benefit to the community and helpful in improving the quality of life for our senior citizens and volunteers.

Thank you for your time and effort in submitting the proposal to the Lt. Governor on our behalf. Please know that you have the support of the School District and the School Board in this endeavor. We are eager to assist in any way we can.

Sincerely,

Teresa L. Pope, Ph.D.

Barnwell, SC 29812

Dear Mrs. Firmender:

I am writing this letter in support of the location of a Senior Citizens' Center in Blackville, SC. This is a much needed facility. It would afford the elderly an outlet for activities with others in the same age category, the chance to have supervised exercise to sharpen their cognitive, motor and coordination skills through games and communication. They would also benefit by partaking of a hot and nutritious meal. It would give them a reason to anticipate the next day.

In conclusion, the Center would be a monumental benefit to the elderly, as well as an asset to the Town of Blackville.

Yours truly,

Gwendolyn F. Littlejohn, Chair

Blackville Downtown Development Association

Dear Ms. Firmender,

Re: Senior Citizens Center

I am writing this letter in support of a "Senior Citizens Center" in the Town of Blackville for the benefit of our citizens.

The center will have a significant effect on the lives of so many of the elderly residents here, because at this time we have no facilities available to accommodate their needs. For a senior citizen to have a place to go that they can meet and talk to old friends and socialize would be an ideal situation in an enjoyable way.

I am optimistic that a Senior Center in Blackville will have a positive result on our community.

Therefore, I respectfully request your consideration in providing to the Town of Blackville a Senior Citizens Center. It is my hope that you will give our appeal your fair and full attention.

Thanking you in advance.

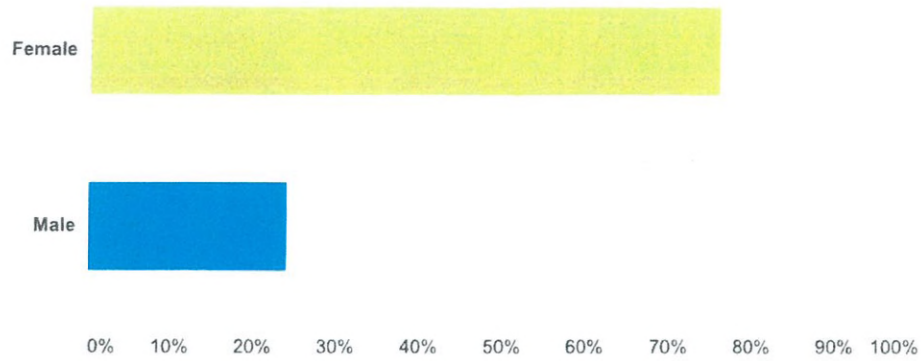

Very truly yours,

Vivian T. Alston

Vivian Tobin-Alston,
Blackville Town Council Member
