Subject: Doors open to Superbugs USA next week | Few places remain to join AstraZeneca, BARDA, WHO and Pfizer

Building on 18 Years of Expertise in Europe, SMi Group Presents...

Superbugs & Superdrugs USA

Nov 14th & 15th 2016 | Renaissance Woodbridge Hotel, Iselin, New Jersey, USA

DOORS OPEN IN ONE WEEK

Secure one of the last seats before the event sells out

[Register](#) | [Visit the website](#)

Sponsored by Noigel and Polyphor

Dear Mr Tony Kester,

Doors open to Superbugs & Superdrugs USA in just one week's time!

If you have not confirmed your attendance yet there is still time to secure one of the last few remaining seats at the only antibacterial event dedicated to combating drug resistance.

With our Superbugs portfolio of events firmly becoming established as the industry's leading platform for updates on clinical progress, networking and industry developments, don't miss the chance to book your place before registration closes. [Sign up](#).

EVENT HIGHLIGHTS INCLUDE:

Attendees from across the world. Nations confirmed to attend include: Belgium, France, India, Russia, Spain, Sweden, Switzerland, United Kingdom and USA.

Over 17 key presentations from a mix of host nation government bodies, big pharma and biotechs such as the University of North Texas Health Science Center, Pan American Health Organization/World Health Organization, the National Institute of Allergy and Infectious Disease, the Biomedical Advanced Research and Development Authority, AstraZeneca, Polyphor, Spero Therapeutics, Lodo Therapeutics, Blueberry Therapeutics Ltd, Janssen Research & Development, LLC, Pfizer, Noigel LLC, ABAC Therapeutics, Entasis Therapeutics, The Medicines Company, Destiny Pharma Ltd

[Take a look](#) at the full conference program and speaker line up.

Organizations who have recently secured some of the last few remaining places include: Hutchison Biofilm Medical Solutions, Evinco Biosciences, Enbiotix, NATO/ SACT HQ, Achaogen, Appili Therapeutics, Albany College of Pharmacy and Health Sciences, Elanco Animal Health.

Two post conference interactive workshops carefully selected to bring you hands on training and complement the topics covered in the conference agenda.

A: The Use of Animal Models in Pre-Clinical Drug Development hosted by **UNT Health Science Center**

B: Opportunities & Challenges in the Development of New Antibacterial Therapeutics hosted by the **National Institute of Allergy & Infectious Diseases**

[View workshop details](#)

New interviews and expert insight from those at forefront of therapeutic development and new initiatives. Includes Q&A's with The Medicines Company, Noigel, Pfizer, Blueberry Therapeutics, Janssen and BARDA.
