You can move forward with the email on refugees.

We have moved the Legislative Briefing to next Wednesday. We can talk about this.

I don't have a Jasper update yet. I was hoping to finalize everything last week, but haven't yet. I'll work on it.

SP –

- Legislative briefing – let us know when we can begin planning.
- Resettlement Program – confirm when we can email.

Random thought - Planning Bethea's OOP makes me think - Do you we need to contact Tom Davis about Jasper update?

Thanks, KV
